I needed a full bathroom installation done urgently as we had the plaster and tiles off the wall. As I only have one bathroom, I need a plumber who is able to do everything (plastering, tiling and plumbing) and reliable so I don't have arrange different tradesmen. I did not realise how difficult it is to find a plumber that can do everything urgently. I rang 15 plumbers in Preston area and got 5 quotes but none can do the work urgently. I contacted Yunus and he came when he said he would. He was polite and helpful and gave me a sound advice on what best to do for my bathroom installation. left at the end of the day. Their work level is excellent. I will be happy to recommend them to my friends and family and will definitely be using them again for all my plumbing work.

He was a very competent tradesperson.

Did a very good job and cleaned up after himself. Described the issue and the work that he was carrying out so that I knew what he was doing which was beneficial. Value for money and highly recommended

Very good and very efficient worker. Cleaned up after the job was completed and very good value for money. Highly recommended.

Yunus was on time, stuck to the price (which was the cheapest) and did the work to very high standard, cleaned up as well, definitely use him again.
